FINANCE MANAGER

Finance Manager is a unique accountancy plug-in for **online sellers** wishing to impose **financial control** over their online trading activities. Designed as middleware, Finance Manager automatically imports sales data from **Amazon, eBay, Play.com** and **ecommerce websites** into Sage accountancy solutions.

FEATURES

- Imports orders from eBay
- Imports orders from Amazon
- Creates Amazon Order Confirmation File for upload
- Imports orders from Play.com
- Imports orders from ecommerce websites
- Imports eBay and PayPal fees

In Sage accounts solutions:

- Creates customer records for every buyer
- Calculates and applies correct VAT liability for each transaction
- Creates invoices/orders for each transaction
- Creates sales receipt in bank module upon invoice update
- Automates stock control
- Combines multiple purchases as single invoice

- Compatible with eBay listing tools for product mapping
- Provides at a glance 'trading dashboard'
- Creates sales analysis, graphs and reports
- Exports buyer and transaction details to Microsoft Excel
- Creates buyer details as contacts in Microsoft Outlook
- Exports customisable CSV files
- Generates address labels

BENEFITS

- Saves money for retailers
- Dramatically reduces data entry time
- Streamlines post-sales administration
- 100% accurate
- Enables business growth

SYSTEM REQUIREMENTS

- Sage Instant Accounts or Instant Accounts Plus, v15 onwards
- Sage 50 Accounts, 50 Accounts Plus or 50 Accounts Professional, v12 onwards
- Sage 200 v2009
- Windows XP
- Windows Vista
- Windows 7

Pricing dependent upon which version of Sage is used and the number of sales channels data needs to be imported from. See website for full details.
